

Defender TD5 Wiki

This wiki is dedicated to the Land Rover Defender TD5. It's intended to give a reliable and to-the-point set of facts, how-to's and resources for owners to maintain, modify, and repair these awesome but sometimes problematic vehicles.

The wiki uses [bookstack](#) - a simple but opinionated wiki app. The wiki is comprised of a set of books (sections) and pages.

You can register to comment on pages - although this isn't a forum (see [Defender TD5 Forums](#)). Contributors with authoritative knowledge are very welcome to edit - if that's you please email [contrib \[at\] dtd5 \[dot\] wiki](mailto:contrib[at]dtd5[dot]wiki).
